

MUNDAS FOUNDATION

Get & Distribute

An effort to serve humanity!

Introduction

Mundas foundation is Aveiro based charity started with an effort to address the basic needs of people (food, shelter, job, medicine, education, climates etc.) in all parts of world. It is people to people organization whose funds are mainly people.

Functions & Targets

The objective, functions & target detail of foundation is as follows:

Food: Out of funds from people, a daily managed food house (Mess) will be established. The Mess entrance will be free for everyone irrespective of religion, color, origin etc. Initially, Night Mess (0800 hrs to all night) will be established and with the passage of time morning and noon mess will also be established. This will be directly, under the monitoring of Administration Officer of MS. The Menu will be based upon the taste of people living in each city which will be subject to change as per weather and season.

Alongside that, an updated list of hotels, restaurants, pubs, cafes from which funds will be collected, will be maintained for people to go in case of emergency and change of taste.

Medicine: Out of funds (charity) from people working in medicine industry, initially, a general dispensary addressing the basic disease will be established which will later be converted to Hospital in the city of Aveiro. (The funds will mainly come from people working in hospitals (public and private), dispensaries and apothekes.) Later on, these types of dispensaries/hospitals will be established in different cities of Europe and then other parts of world.

In addition to that an updated list containing addresses, pdf maps and contact persons of Apothekes, dispensaries, general and special hospitals from which funds will be collected, will be maintained, to be reached in case of emergency by the people. (This information will be available on the website of MUNDAS Foundation and will be updated by IT division and also will be distributed as hard copy flyers from time to time)

Housing: In initial stage a temporary stay free residence hall housing 50 people will be established with the funds from people from different residence halls in different parts of the Europe. This will address the need of homeless people in city who have no home and shelter. This will take care of emergency needs of shelter of people who are traveling as well. In addition to that, an updated list of residence halls will be maintained from which funds which will be collected to be displayed on the website and distributed to people in different parts of city from time to time for people to go in case of emergency.

Education: In initial stage, a primary school will be established with fund from schools, colleges and people in educational institutions. This school will take no fee from students studying funds will come from people in Private educational Institutes. The basic idea is to have language free barrier school.

Jobs: With our educational & professional contacts with companies, universities, and institutes in different parts of the world & with different student associations in universities in different parts of world, we will manage an updated data base of jobs available in different companies/universities/institutes to which talented, jobless, educated students & professionals will be forwarded for jobs according to their skills, experience and educational level.

Climates: An information desk will be established in MUNDAS Foundation to keep track of climates' in different parts of the world at which emergency teams (doctors, nurses, engineers, fire fighters etc.) will be sent in the hour of need. The funds will come from industries & private institutions.

This division will serve as platform to develop further information about these climates as well.

Lost Child/Father Care Unit:

With the help of local authorities and police fathers who are separated from Childs will be searched and family reunions will be made. The fathers will be forwarded for jobs as per their skill and education level and families will be established. Similarly, lost Childs at railway stations, airports and cities will be searched with the help of local authorities and police to return them to their fathers and mothers.
